THE SCHOOL

Liberty Community School was established after a need analysis showed that quality education was by then a preserve of a few while the majority were subjected to inferior learning conditions. Liberty Community School thus came into being to level the playing field, a role the school continues to play with unparalleled distinction. It gives access to quality tuition at an affordable cost.

LOCATION

The school is located in Kew, at No2, 10th Road. It is conveniently sited to serve communities of Alexandra, Bramley, Kew, Sandton and the surrounding areas. Access to affordable private education, commitment to developing learners into good citizenry, preparing the young minds for future leadership and nuturing learners' talents in extracurricular activities remain the institution's key tenets of its strategic thrust.

TEACHING

The school blends the traditional and modern teaching approaches. A learners' background is assessed to determine the suitable approach(es) to employ to help them adapt to our learning environment. Such multi sided approaches consider individual learner's needs and help to have every learner handled differently based on their unique deficiencies.
